ENGINEERING REPORT

K48CU, Pueblo, CO LPTV (Amendment to Channel 23)

APPLICATION FOR DISPLACEMENT OF STATION K48CU TO CHANNEL 23

Request for Waiver of 47 C.F.R. Section 73.3517—Contingent Application Rule

Waiver of 47 CFR Section 73.3517—the contingent application rule—is hereby requested with respect to KZCS-LP, Colorado Springs, CO (Facility ID 67544; currently licensed on channel 23). KZCS-LP has a pending displacement for channel 18 (file no. 54347) as has the applicant's pending displacement application, file no. 53768. Both channel 18 applications are the only members of MX113 of the FCC's Public Notice of the Special Displacement Window (a PN dated October 30, 2018).

The applicant has agreed to further displace K48CU to channel 23 in order to solve the MX with KZCS-LP. A consent letter from the licensee of KZCS-LP (Scripps Media, Inc.) is attached that consents to any interference that results to the KZCS-LP channel 23 licensed facility by this proposal.

With the consent, the applicant can begin transmitting on channel 23 before KZCS-LP discontinues operating on channel 23.
