

This AMENDMENT request is due to a letter received from FCC dated Nov 1, 2018.

It is to correct the application to PROTECT K18AD-D from interference thus reducing ERP of proposed channel 17 to be equal to K18AD-D ERP thus NO interference from either party.

File 0000054432

FAC ID 2493

Original ERP 1.2kw

Changed to .06kw to match K18AD-D

We will also change FCC Certified transmitter from a Larcan M201 transmitter to a FCC Certified Larcan MXD-30U transmitter.

Respectfully

Lonnie England C.E.
