

AM Disturbance Statement

WHPX-TV – New London, Connecticut

Facility ID: 51980

Licensee "ION MEDIA HARTFORD LICENSE, INC" has filed an application for modification of a construction permit. This modification requests authority to operate from Antenna Structure Registration Number 1041624 with an ERP of 500 kW.

A calculation using *TVStudy* version 2.2.5 using an LMS database dated 2018-11-28 indicates that WLAT, a directional AM station, is within 3.2 km of the proposed facility.

The proposed antenna will be mounted to an existing tower and will not substantially modify the structure height. Significant modification for this structure is more than 5 electrical degrees of the stations frequency, or 4.58 meters.
