

WPPT, Philadelphia, PA (Fac. Id. 28480)
License to Cover LMS #0000056769

This application is filed at the direction of the FCC staff for the sole purpose of causing the License Management System (LMS) to recognize that the following stations have fully implemented shared operations so that the channel sharer can properly file for a license modification on behalf of all shared stations.

<i>Station</i>	<i>Facility Id.</i>	<i>Status</i>
WBPH-TV, Bethlehem, PA	60850	Channel Sharer
WFMZ-TV, Allentown, PA	39884	Channel Sharee
WLVT-TV, Allentown, PA	36989	Channel Sharee
WPPT, Philadelphia, PA	28480	Channel Sharee

The various certifications in this application related to construction of the permitted facilities are answered affirmatively solely for the purpose of accomplishing the above staff-directed objective. The permitted facilities have not been constructed, but will be constructed in due course after the corrections in LMS enable the filing and subsequent FCC grant of a license modification application specifying minor changes in the facilities specified in the current construction permit.

The stations above timely implemented channel share operations at the auxiliary site pursuant to LMS 0000058316.
