WNYA(TV), Pittsfield,
MA FCC Schedule 387
January 2019

INTERIM ANTENNA EXHIBIT

Digital Television Station WNYA(TV), Pittsfield, Massachusetts (the "Station"), is currently scheduled to change its over-the-air channel no later than the 10th transition phase. The Station does not currently have a licensed or permitted auxiliary (backup) antenna. However, as set forth in the Station's FCC Form 399, the Station intends to construct and to use an interim antenna at a different transmission site to facilitate its transition. The Station is continuing to plan and to develop that interim facility on a timely basis.
