Coverage contours represent
theoretical boundaries of ser-
vice, as defined by the FCC,
in the absence of obstruction
by terrain/buildings or inter-
ference from other stations.

Scale 1:750,000

0   15   30   45 km

51 dBµ Protected Contour:
Area: 10,763 sq. km.
Total Population   904,212
Hispanic Population 390,275
(based on 2000 Census)
