

Extraordinary Circumstances

The extraordinary circumstances which warrants this Silent Authority is KSUD is operating on channel 45, outside of the spectrum auction "core" of channels 2-36.

KSUD has been granted a Construction Permit for Channel 33. In order to further the public interest, we are taking the station silent now in order to release the channel to T-Mobile. We will order the equipment and begin construction to move to Channel 33 in the first quarter of 2019.
