

Red River Broadcast Co., LLC  
KDTL-TV  
Request for STA Extension

Red River Broadcast Co., LLC, the licensee of KDLT-TV, Sioux Falls, South Dakota (“Red River”), by this application, is requesting an extension to its current STA because severe winter weather in and around Sioux Falls has prevented Red River from being able to complete the construction necessary for KDLT-TV. Of course, such weather is beyond any control of Red River. The current STA expires on March 14, 2019, and Red River anticipates that weather conditions will not permit it continue its construction efforts until late April. Therefore, Red River submits that grant of this STA application is warranted and would serve the public interest.
