

WHDH-TV, a Massachusetts Trust, is the licensee of full-power television stations WHDH(TV), Boston, Massachusetts (FCC Facility ID 72145) and WLVI(TV), Cambridge, Massachusetts (FCC Facility ID 73238). As previously noted to the Commission, these stations will be sharing a common channel, with WHDH acting as the “host” and WLVI as the “sharee.” *See, e.g.*, Application for Minor Modification (Sharing), FCC File No. 0000030074, submitted September 22, 2017. Commonly owned television stations, such as WHDH and WLVI, are not required by the Commission to enter into a formal channel sharing agreement. *See Public Notice*, AU Docket No. 14-252, DA 15-1252, Attachment 1 ¶ 35 (rel. November 19, 2015).

Therefore, the purpose of the instant application is to modify the current Shared License of WHDH in order to include WLVI on it as the “sharee” station to which WHDH is the “host” station, consistent with the Commission’s instructions in ¶ 19 to Public Notice, MB Docket No. 16-306, GN Docket No. 12-268, DA 18-884 (rel. August 27, 2018).
