**Request to Extend Engineering STA**

KMTR Television, LLC, licensee of KMTR(TV), Eugene, Oregon (Facility ID 35189), respectfully requests an extension of Special Temporary Authority that was granted on October 24, 2018, to operate with an interim facility at KVAL-TV's transmission site. *See* File No. 0000063023. The station has been unable to continue broadcasting at its licensed site and has a pending application on file to relocate to the KVAL-TV site. *See* File No. 0000035793. The public interest would be served by permitting KMTR to continue operating with interim facilities at the KVAL-TV site pursuant to an extension of STA pending action on its minor modification application, so that KMTR can avoid loss of service to its viewers that would otherwise result from the loss of its licensed transmitter site.
