

TECHNICAL EXHIBIT
DIGITAL FLASHCUT APPLICATION

FACILITY: W05CO, FO 66985
SARASOTA, FL
THE EDGE SPECTRUM INC.
Existing FCC file number BLTVL-20050412AEI

CP BDISDTL20090813ACU Ch 50 should be dismissed as it's out of core and this application is a flash cut of the originally licensed station.

Pursuant to the 4/18/2019 window announced by the Commission regarding the above entitled LPTV/Translator displacement filing arising from the incentive auction 600 MHz TV band repack, the within application is filed in connection with the initial filing. A CONSTRUCTION PERMIT for channel 50 was granted but has been superceded by the repacking of the TV band. The application makes the following changes:

1. Channel remains on VHF 05, FULL SERVICE MASK
2. Antenna is changed to SCA DRV-1/2, See tabulation.
3. ERP is to be 3.0 kW.
4. Antenna is to be located at tower ASR 1031078, located less than 30 miles from the licensed site; orientation 280° at 125.0 M AGL.

No other changes are to be made. NIER is less than 5% of the limit for this service; no new tower construction or changes are planned. In keeping with the original plan, RF hazard warning signage and appropriate access limits are employed.

Using the specified equipment, pattern and ERP, the application is in compliance with all pertinent portions of §74.793 with respect to all other existing part 73 and part 74 licenses, permits and applications known as of the time of filing; however, as a station in the LPTV or TX service which is displaced into the core or otherwise required to modify its facilities in accordance with the presence of an incoming repacked full service station assigned to its previous channel, the within applicant agrees, if necessary, to not operate on the channel or with the service proposed in the within application until any potentially mutually interfering repacked full service station or stations have left their channels pursuant to the relevant phase assignment(s) and further agrees to accept nominal amounts of interference from permits or licenses in existence at the time of this filing.
