REQUEST FOR EXTENSION OF SPECIAL TEMPORARY AUTHORITY

As detailed in the underlying special temporary authority ("STA") request, filed and granted in May 2018 (See LMS File No. 0000054089 ("WJKT STA")), Nexstar Broadcasting, Inc. ("Nexstar"), licensee of WJKJT(TV), Jackson, Tennessee, Facility ID No. 68519, sought and received authority to operate WJKT(TV) on an interim antenna at reduced power on the station's post-auction Channel 21.¹ For reasons stated in that request, Nexstar proposes to continue use of the temporary antenna until WJKT(TV)'s transition to its final post-auction Channel 21 facilities, which is anticipated to be fully constructed by or before March 13, 2020.

Accordingly, Nexstar seeks a further extension of WJKT's STA to continue to operate at variance using the interim antenna, as detailed in the underlying WJKT STA.

¹ WJKT(TV) was originally scheduled to transition to its post-auction Channel 21 by or before the conclusion of Transition Phase 8, or by March 13, 2020. Nexstar sought and received a Phase Waiver, authorizing WJKT(TV) to transition during Transition Phase 0, by June 1, 2018. See LMS 0000035028.
