#### Public Inspection File

As part of Licensee's internal public file review practices, as well as in connection with preparing to submit this license renewal application, Licensee discovered that certain documents, including those identified below, were either missing from the online public file, not uploaded in a timely manner, or had a technical error.

All missing documents have since been uploaded to the public file. The missing and/or late documents included:

- **Political File:** In a few isolated instances, certain documentation required to be in the political file may not have been immediately uploaded to the file. In addition, the invoices for candidate and issue advertisements reflecting when the advertisements actually aired were not immediately uploaded to the file.
- **Quarterly Issues Programs Report:** The Q1 2019 quarterly issues program report for WLZL-HD2 was timely uploaded to the file. However, a technical error with the online file prevented the report from being viewable to the public. Licensee has re-uploaded the report to the file and confirmed that the report can be viewed.

Licensee believes, to the best of its knowledge, that all other documentation required to be uploaded to the online public file has been uploaded in compliance with Section 73.3526 of the Commission's rules in all material respects.
