

Public File Certification

In making this certification, Licensee has reviewed the online public inspection file for the station. As used in this certification, the phrase “to Licensee’s Knowledge” means to Licensee’s actual knowledge, without further investigation other than as described in this exhibit. Based upon and subject to these qualifications, to Licensee’s Knowledge, all documents required by 47 C.F.R. § 73.3527 to be uploaded to the Licensee’s online public inspection file have been uploaded in a manner that materially complies with Commission requirements. Timing of document uploads may not have been in material compliance with Commission requirements in all instances.
