

Series: The Great Dr. Scott

June 1, 2019

RE: PROGRAM CONTENT

To Whom It May Concern:

The purpose of this letter is to provide television stations with certified documentation that the producers of *The Great Dr. Scott* series design the program to educate and inform children 13- 16 years of age.

Litton Entertainment is the producer of *The Great Dr. Scott* series. This is a live action, half-hour television program designed to meet the educational and informational needs of children.

The Great Dr. Scott follows the charismatic and committed veterinarian Dr. Scott Miller at his family-run veterinary clinic in the outskirts of London in the village of Richmond upon Thames. Viewers will get hands-on insight into the world of veterinary medicine as Dr. Scott treats a wide variety of animal patients from cats and dogs to exotic reptiles and livestock. Audiences will witness as Dr. Scott goes above and beyond to care for all creatures great and small – providing a glimpse into the day-to-day life of a veterinary professional while educating viewers on a wide range of medical procedures and practices in the process.

In order for parents, children, and listing services to clearly identify the programs as ones that fulfill the FCC programming requirements that meet children's educational television needs, each episode is closed- captioned and contains an E/I icon for the duration of the program with the recommended parental rating icon – typically, if not always, TV-G. Additionally, this E/I programming includes Video Description, which provides enhanced detail of the program's visual content and allows the program to be more accessible to a wide range of viewers including those with learning disabilities, autism, and visual impairments.

Sincerely,

Dave Morgan
Litton Entertainment
