

LITTON'S WEEKEND ADVENTURE

Series: Vacation Creation

June 1, 2019

RE: PROGRAM CONTENT

To Whom It May Concern:

The purpose of this letter is to provide television stations with certified documentation that the producers of the *Vacation Creation* series design the program to educate and inform children 13-16 years of age.

Litton Entertainment is the producer of the *Vacation Creation* series. This is a live action, weekly half-hour television program designed to meet the educational and informational needs of children.

On each episode of *Vacation Creation* our hosts guide one deserving family on amazing adventures as they experience a new destination together on their family vacation. As our featured family embarks on an interactive voyage filled with immersive learning opportunities, each episode brings us to diverse locations where our family – and viewers – discover unique cultural events, food, activities, and traditions. From discovering the wondrous glaciers of Alaska to learning from the Moko Jumbie of the Virgin Islands, viewers will witness the importance of spending time with family and friends as our featured families experience amazing adventures together, often learning more about each other and their own family history along the way. Teens will also learn the importance of resiliency during challenging times as many featured families share their stories of overcoming adversity, finding ways to bond and heal while sharing these once-in-a-lifetime experiences.

In order for parents, children, and listing services to clearly identify the programs as ones that fulfill the FCC programming requirements that meet children's educational television needs, each episode is closed-captioned and contains an E/I icon for the duration of the program with the recommended parental rating icon – typically, if not always, TV -G. Additionally, this E/I programming includes Video Description, which provides enhanced detail of the program's visual content and allows the program to be more accessible to a wide range of viewers including those with learning disabilities, autism, and visual impairments.

Sincerely,

Dave Morgan
