## Statement Regarding WWNY-TV's Repack Transition Progress 2nd Quarter 2019

Because WWNY-TV is in Phase 10 of the Repack transition, the only work performed to date is:

- Engineering and legal prep work
- The application for the post transition channel
- Created a transition plan with engineers and vendors
- Secure commitments from vendors and contractors for the equipment and work

To date no equipment has been ordered, delivered, or installed, although preparation for the purchase of equipment and scheduling of crews is being formulated.

On June 28, 2019 WWNY participated in a conference call with Spectrum Repack Linked Stations Set #79.

Fac ID	Call	Service	PHASE	FROM_CHANNEL	TO_CHANNEL
11259	WVNY	DTV	10	13	7
23337	WBNG-TV	DTV	10	7	8
62210	WICZ-TV	DTV	10	8	7
68851	WWNY-TV	DTV	10	7	8

Stations updated the group on progress and equipment ordered to-date and made plans for another conference call.
