

**Interference Acceptance Agreement  
WCAU Post-Auction Channel 28 Testing  
WCAU Transition to Post-Auction Channel 28 on August 1 at 1 PM EDT**

Maryland Public Broadcasting Commission, the licensee of WCPB, Salisbury, MD (FIN 40618) ("WCPB"), hereby agrees to accept interference from WCAU, Philadelphia, PA (FIN 63153) ("WCAU") subject to the terms and conditions set forth below.

In connection with the repack of the TV band, WCAU will conduct on air testing on WCAU's post-auction channel 28, which is predicted to cause 3.07 percent interference to WCPB's terrain limited coverage on WCPB's pre-auction channel 28. WCAU in coordination with other broadcasters in the Hartford, New York, Philadelphia and Washington D.C. markets, plans to transition to channel 28 at 1 PM on August 1, 2019. WCPB agrees to accept interference from WCAU from this time until WCPB transitions to its post-auction channel.

WCAU agrees that any testing prior to the transition to its post-auction channel 28 will be coordinated with the WCPB contact listed below at least 24 hours before testing is planned and no testing of WCAU on post-auction channel 35 will be done until test dates and times during which WCPB will receive interference have been agreed to by WVIT. To the extent possible, testing will only be requested for the minimum number of hours necessary after midnight and before 5 AM.
