

## Amendment of 10 Week Transition Progress Report

**Univision Bakersfield LLC**

KABE-CD | Bakersfield, CA

Facility ID 18747

Univision Bakersfield LLC, licensee of KABE-CD, Bakersfield, CA (Facility ID 18747) (The Station) has experienced unexpected delays in the construction of its post-auction facility. Because of these delays the station filed (file number 0000073151) and was granted an STA for temporary joint use of channel with station KUVI-DT.

Currently the replacement tower referenced in the STA filing is nearing completion and the station's transmitter installation had been completed. The station now anticipates that its post auction facility will be completed prior to the phase 5 transition date of 9/6/2019 and is amending its previously filed 10 Week Transition Progress Report (file number 0000071197) to reflect the new completion date.
