

STATEMENT REGARDING COMPLETION OF CONSTRUCTION  
ACME TV Corp.  
July, 2019

ACME TV Corp. (“ACME”) expects all equipment for WTKO-CD to be installed and ready for operation by August 1<sup>st</sup>, 2019. However, WTKO-CD has been granted Special Temporary Authority as it may not initially be able to operate with full power on its post-repack channel due to issues relating to cooling within the relatively small transmitter building in which it is a tenant and the additional air-conditioning or heat ventilation that may be required.
