

ENGINEERING STATEMENT

This Engineering Statement is prepared by Local Media TV New York, LLC (“LMTV NY”), licensee of WNMF-LD, Facility ID 74513, in support of this minor modification application of Construction Permit File No. 0000072006.

Proposed Facility

The proposed facility on channel 30 was studied using TVStudy v2.2.5 using the following parameters:

- Study cell size: 1.00 km
- Profile point spacing: 0.20 km
- Distance to Canadian border: 378.9 km
- Distance to Mexican border: 2657.6 km
- Conditions at FCC monitoring station: Laurel MD
Bearing: 231.3 degrees Distance: 283.4 km
- Proposal is not within the West Virginia quiet zone area
- Conditions at Table Mountain receiving zone:
Bearing: 278.7 degrees Distance: 2606.0 km

The F(50,90) 51 dBu contours of the proposed facility overlaps with the F(50,90) 51 dBu contours of the existing licensed facility. It is believed that the proposed facility complies with 47 C.F.R. Sections 74.709, 74.793(e), 74.793(f), 74.793(g), 74.793(h).

Waiver Request

LMTV NY hereby requests to waive the contingent application rule 47 C.F.R Section 73.3517 to allow the grant of this application which is necessary for the station to continue to serve its current viewers.

In addition, in order to comply with Section 73.3700(g)(2), the LMTV NY agrees to a condition that the proposed facility will not commence operation until the following station discontinues operation on its current channel:

Call Sign	Existing Channel	Post-Auction Channel	File Number	City	New IX
WFUT-DT	30	26	BLANK0000037827	NEWARK, NJ	7.12%

Furthermore, the LMTV NY agrees not to operate the proposed facility until any other potentially mutually interfering repacked full power or Class A stations have left their channels pursuant to the relevant phase assignment.

Digital TV and Class A Station Protection

Except as referenced above, the proposed facility causes less than 0.5% interference to surrounding digital and Class A television stations and allotments and facilities (i.e., “*de minimis*”)

based on TVStudy v2.2.5. It is believed that the proposed operation is in compliance with the spirit and intent of the FCC's interference standards.

Low Power TV and TV Translator Station Protection

The proposed facility of WNMF-LD on channel 30 is predicted to cause interference to the following facilities licensed to Venture Technologies Group, LLC. Such interference is hereby accepted in view of the common ownership between Venture Technologies Group, LLC and Local Media TV New York, LLC.

Call Sign	File Number	Channel	City, State
W34DI-D	0000054804	31	New York, NY
W31EF-D	0000054807	29	New York, NY
WNJJ-LD	0000054813	30	New York, NY

Except as referenced above, the proposed facility causes less than 2.0% interference to surrounding low power licenses and construction permits (i.e., "*de minimis*") based on TVStudy v2.2.5. It is believed that the proposed operation is in compliance with the spirit and intent of the FCC's interference standards.

Environment Effect

The proposed facility is deemed individually and cumulatively to have no significant effect on the quality of the human environment and are categorically excluded from environmental processing as defined by 47 C.F.R. § 1.1306. Additionally, the Applicant certifies that it will reduce power or cease operation as necessary to protect any persons from having RF exposure in excess of FCC guidelines.
