

**WRQM**  
**LICENSE RENEWAL EXHIBIT**

*Online Public Inspection File*

The applicant has responded in the affirmative to the FCC online public inspection file certification that states: “Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station’s public inspection file as and when required.” Out of an abundance of caution, the applicant wishes to note the following that may be relevant to the foregoing certification:

- **4Q 2018 Issues/Programs List.** WRQM’s fourth quarter 2018 Issues/Programs List was uploaded to the OPIF on January 28, 2019 (see image below). Usually, the fourth quarter Issues/Programs List would need to be uploaded by January 10 of the subsequent year. In this instance, the OPIF system was offline on January 10, 2019, as a result of the government shutdown, and WRQM uploaded the Issues/Programs List for fourth quarter 2018 on the first day that the OPIF system was brought back online following the end of the government shutdown. Accordingly, WRQM’s fourth quarter 2018 Issues/Programs List was not uploaded late, notwithstanding the fact that the date/time stamp may, at first glance, appear to suggest that it was.
