

### **WAZO Online Public Inspection File**

While the station uploaded a list of contracts to its online public file (and timely filed contracts with the FCC prior to the elimination of that requirement), certain contracts were not added to the list of contracts within the required 30-day period. The list was corrected as of July 2, 2019 and is currently accurate.

The following items inadvertently were not uploaded in a timely manner to the online public file:

Issues/Programs Lists: 2nd Quarter 2018 (uploaded 7/12/18); 3rd Quarter 2018 (uploaded 3/25/19)

EEO annual public file report for 2012 (uploaded 7/26/19)
