

CIRCUMSTANCES JUSTIFYING SPECIAL TEMPORARY OPERATION
BY STATION WOIL-CD

Station WOIL-CD has requested a six-month extension of time to complete construction of the station on its post-repack channel (Channel 23). WOIL-CD will cease operations on its pre-repack Channel 47 on September 6, 2019. This Engineering STA Request seeks Commission approval for WOIL-CD to continue to operate, but on its new post-repack channel, at temporary, lesser facilities for a few months after September 6, until it may complete construction of its station on Channel 23 and file for a Station License. Approval of this STA Request will permit WOIL-CD to continue to serve its viewers, which will serve the public interest. However, if for some reason the FCC does not grant this STA Request, WOIL-CD, as noted above, will go silent on Channel 47 on September 6, 2019.
