

Adell Broadcasting Corporation
WADL(DT), Mount Clemens, MI (Fac. ID No. 455)
Children's Programming Report

AMENDMENT

This amendment is being submitted to provide programming information for WADL(DT)'s secondary programming streams. At all times relevant to this report, WADL(DT) aired three hours of Core Children's Programming on each of its secondary programming streams in accordance with the FCC's rules. However, detailed programming information was mistakenly omitted from the originally-filed report. Licensee is amending this report to provide that information.
