

### **CONTINGENT WAIVER REQUEST**

Tyche Media LLC hereby submit a contingent waiver request. Tyche Media recently received a deficiency letter stating that grant of its pending application (File No. 53832) for displacement to Channel 30 could not occur because grant would cause interference to the current licensed facilities of WBZ-TV on Channel 30.

However, WBZ-TV is moving to Channel 20.

Therefore, Tyche Media hereby requests grant of this application, whereby commencement of operations with the permit is contingent on WBZ-TV commencement of operations on Channel 20.
