Special Temporary Authority for Digital Low Power Television Station

prepared for

Ramar Communications, Inc.

KLBB-LD Lubbock, TX

Facility ID 192484

Ramar Communications, Inc. (“*Ramar*”) is the licensee of digital Low Power Television station KLBB-LD, Channel 19, Lubbock TX, Facility ID 192484. KLBB-LD is licensed to operate (file# 0000004404) with 15 kW effective radiated power (“ERP”), nondirectional. A Construction Permit (“CP”, 0000059345) authorizes KLBB-LD to utilize a directional antenna having an increased height above ground (by 12.2 meters).

Ramar herein seeks Special Temporary Authority (“STA”) to operate KLBB-LD with technical parameters at variance. *Ramar* has completed construction of the modified KLBB-LD facility as authorized in the CP, and will be filing a license to cover application contemporaneously. A transmitter amplifier malfunction has occurred which results in reduced power. Therefore, *Ramar* requests STA to operate KLBB-LD with the new antenna as authorized in the CP at 7.5 kW effective radiated power (“ERP”), which is 50 percent of the authorized 15 kW ERP. Full power operation will be resumed once the transmitting equipment malfunction has been cured.
