

### **Discrimination Complaint**

Aprille L. Hinnant filed a claim with the EEOC on January 14, 2017 that alleged, among other things, retaliation against her for making prior complaints of sexual harassment. See EEOC charge # 510-2014-01257. On July 1, 2016, the EEOC dismissed the charge, finding "no cause to believe that a violation of the statute had occurred" and issued a Notice of Right to Sue within 90 days. No further action was taken by the claimant and Cox considers the matter closed.
