

WHDH-TV, the licensee of WHDH(TV), Boston, Massachusetts, submits this application for STA in order to operate on its auxiliary antenna on Channel 35, on an interim basis, in order to complete the construction of its permanent antenna authorized by the Commission as part of its channel change transition. This interim operation will permit WHDH to continue broadcasting to the public without disruption. As demonstrated in the instant application, this proposed interim operation is in full compliance with the Commission's rules.

WHDH needs to initiate the interim operation no later than October 19, 2019, in order to accommodate removal and construction of its permanent main antenna. WHDH anticipates that the interim operation would be in effect for approximately three weeks. Accordingly, WHDH respectfully requests expedited processing of the instant application.
