

Call letters: K276FB.C
City of License: Ulysses, NE
Channel: CH276D (103.1 MHz)
File No: BPFT-20190605AAC
Facility ID: 153341
Applicant: Nebraska Rural Radio Association

Compliance with Special Operating Conditions or Restrictions

1. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. The applicant certifies that prior to commencing program test operations, the applicant has on file at the Commission an FCC Schedule 350 Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
3. KAWL(AM) - York, NE (Frequency 1370 kHz) Statement. The applicant acknowledges that pursuant to the revitalization of the AM radio service, first report and order, 30 FCC RCD 12145, 12153 para. 16 (2015), the permittee and any successor in interest (licensee) shall, from the grant of the construction permit and continuing until the facility has achieved four years of on-air operations, rebroadcast the primary am station identified on this authorization. The permittee acknowledges it may not change the primary station being rebroadcast by this translator, nor may it rebroadcast another station when the primary station identified on this authorization is silent. In addition, the permittee acknowledges periods of station silence shall not count toward the fulfillment of this four-year requirement. During this same four-year period the permittee may not assign or transfer the construction permit to another party unless it is to the licensee of the am station identified on this authorization or unless such assignment or transfer provides for the continuing right of the primary station to rebroadcast on the translator. The permittee acknowledges minor modifications of this authorization are permitted, provided that the translator will continue to rebroadcast the am station for which the modification was granted.
4. The applicant acknowledges that, notwithstanding the grant of the construction permit or the expiration date specified herein, the station's license will automatically expire as a matter of law on November 1, 2019 if the station has not resumed broadcasting before that time. See Pub. Law No. 104-104, 110 Stat. 56, Section 403(1) (1996) and Order, Silent Station Authorizations, FCC 96-218 (released May 17, 1996). See also Public Notice, Expedited Processing of Applications Filed By Silent Stations, DA 96-818 (May 22, 1996). In accordance with this condition, upon resumption of broadcasting, the applicant has notified the Commission in addition to this application for a license to cover of this permit.
