## Engineering Statement of Certification

September 25, 2019

KSWP-FM  
Lufkin, Texas  
Construction Permit BPED-20160822AAX

This letter is to certify that the KSWP-FM directional antenna system as authorized by Construction Permit BPED-20160822AAX was installed under my supervision by a qualified tower crew per the instructions provided by the antenna manufacturer ERI.

To the best of my knowledge the antenna is designed and installed in full compliance with the terms of the associated FCC Construction Permit.

I have over 40 years of broadcast engineering experience with AM, FM & TV RF systems including directional antenna systems.

References are available upon request.

Regards,

Steve Comer  
COO Broadcast Works
