

WMEA-TV, Biddeford, Maine
Interim Antenna STA Request
October, 2019

WMEA-TV, Biddeford, Maine, assigned to Phase 8 of the repack, respectfully requests special temporary authority to operate from an interim side-mounted antenna on its pre-repack channel (Channel 45). WMEA intends to operate from this interim antenna beginning no later than November 8, when the station's existing top-mounted antenna is scheduled to be removed and replaced with a top-mounted antenna capable of operation on WMEA's post-repack channel (Channel 36). WMEA expects to continue these operations until the station transitions to its new channel in Phase 8.
