Narrative

This Exhibit supports a license to cover application for FM translator W283CV, on Channel 283 in High Point, North Carolina. This facilities as constructed comply fully with the requirements of the construction permit, file number BNPFT-20171201AFJ.

Special Operating Conditions or Restrictions

The construction permit has four (4) special operating conditions or restrictions. This exhibit provides details on compliance with each.

1. Crescent Media Group, LLC, recognizes that this facility is authorized only for fill-in service for the AM station for which it is authorized, in perpetuity.

2. The base impedance for the AM station on whose tower the translator antenna is located was measured. The change in resistance was less than 1.5%. Therefore no application is required for WMFR to return to direct power measurement.

3. This Application for an FM Translator or FM Booster Station License, on FCC Form 350, is being filed, as required, prior to commencing program test operations.

4. Crescent Media Group, LLC, in coordination with other users of the site will reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
