

EXPLANATION

We have answered in the affirmative the question related to our public file documents, as those documents are now in existence. We hereby explain our answer.

We have uploaded all our issues/programs lists from the first quarter of 2016 through the 3rd quarter of 2019. Original issues/programs lists from the second quarter of 2015 (the first calendar quarter during which we operated WFXX) through the fourth quarter of 2015 were missing. We have reconstructed lists for these quarters and have uploaded them in the course of preparing this application.

We regret this and hereby commit to timely uploading of public file documents in our on-line public file going forward.
