

WMUV EEO OUTREACH INITIATIVES

During the last two-year period, the Station Employment Unit (“SEU”) has provided an Internship Program which provided formal internship training to prepare students for employment in the broadcast industry. The SEU’s General Manager also participated in several job fairs that included networking and a panel discussion with students. All opportunities for employment were advertised on our stations; one full-time sales executive that was hired, applied from hearing a recruitment announcement on one of our radio stations.
