

Williams Communications, Inc., owner of WHMA, WHMA-FM, WKLS, and W248CE has filed the correct Biennial Ownership Report for 2019. Due to issues with the online public filing system and a confusion over reporting requirements, the reports for 2015 and 2017 are not available online. No changes in ownership have occurred since the last filed ownership information. New processes are now in place to guarantee that these reports are filed in a timely fashion.
