

Compliance with Special Operating Conditions

Special Condition #1

The applicant has installed an SWR Opposed 'V' Dipole, 6 section, antenna (EPA Type 2), in conformance with the WNBT-FM Construction Permit. Consequently, automatic program test authority applies and no further documentation to demonstrate compliance with the FCC radiofrequency field exposure guidelines is required at this time.

Special Condition #2

The applicant in coordination with other users of the site is committed to reducing power or ceasing operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
