

Meridian MS, W217AQ is currently under an STA to remain silent, due to co channel full power WSJA, YORK, AL, that over took the signal of W217AQ. Because there are no other frequencies left in the non-commercial band, Calvary Chapel of Twin Falls, Inc. is unable to operate W217AQ in the commercial band because Calvary Chapel has no feeder that is close enough to give a signal to W217AQ.

Currently W217AQ has been listed for sale.
