

Palm Beach Radio Group, LLC did not upload some of its issues and programs lists, or its pre-filing announcements certifications to the WPBR(AM) online public inspection file in a timely manner. It took staff of Palm Beach some time to fully understand the functionality of the online system and transition the paper public files to the online public file.

FM translator station W248CK has been silent since April 3, 2019. It was also silent from November 18, 2014 to March 11, 2015.
