Facility ID No. 195388

Operational Status Inquiry

Dear Licensee:

It has come to our attention that Station WLJJ-LP, Kissimmee, Florida (Station), licensed to Auditorium of Prayer and Worship Inc. (APW) may be currently off the air. However, Commission records show that APW has indicated that the Station is licensed and operating. Pursuant to Section 73.1740 of the Commission's Rules, APW is required to clarify this matter in writing within thirty days of the date of this letter.

Our records show that on January 31, 2018, the Commission granted the Station's license to operate using a 4-bay SWR FMEC circular polarized antenna with full-wave spacing from Antenna Structure Registration Number 1239424 (tower site) at an authorized radiation center of 35 meters above ground level.<sup>1</sup> On March 8, 2018, APW requested Special Temporary Authority (STA) to remain silent, which the Commission granted on April 6, 2018. The Station was silent with Commission authority from March 8, 2018 through October 3, 2018,<sup>2</sup> but remained silent without authority until February 27, 2019.<sup>3</sup>

On March 15, 2019, George M. Arroyo (Arroyo), general partner of Florida Broadcasters, licensee of WURB(AM), Orlando, Florida and Florida Broadcasters Partnership, licensee of WONQ(AM), Orlando, Florida and FM translator W279DI, Kissimmee, Florida, filed a pleading styled, "Informal Petition to Determine License Expiration in Accordance with 47 U.S.C. §312(g)" (Petition). Arroyo states that on March 4 and March 8, 2019, his representatives visited the tower site and found no evidence of a 4-bay SWR FMEC circular polarized antenna with full-wave spacing ever being constructed on the tower, and heard no signal from the Station.<sup>4</sup>

The allegations in the Petition indicate that the Station was either constructed on a different site, or was not constructed at all. Based on this information, it appears that the Station may have been silent (or failed to operate with authorized facilities) for more than one year. Pursuant to Section 312(g) of the Communications Act, as amended, **if a broadcast station fails to transmit broadcast signals with its authorized facilities for any consecutive 12-month**

---

<sup>1</sup> See File No. BLL-20180108ABA, granted January 31, 2018.

<sup>2</sup> See File No. BLSTA-20180308AAX granted on April 6, 2018 and expired on October 3, 2018.

<sup>3</sup> See Notice of Resumption of Operations filed on February 28, 2019.

<sup>4</sup> Petition at 2.

**period, then the station license granted for the operation of that broadcast station expires at the end of that period, unless extended or reinstated by Commission action.**

Please provide evidence documenting the Station's operational status since January 31, 2018, the date of the Station's license grant. This evidence must indicate the location, effective radiated power and antenna height above ground level for **all periods of operation** from January 31, 2018, to the present. Also include copies of all leases, personnel records (including payroll records appropriately redacted to protect the privacy of individual employees), engineering records, and station logs, including EAS records, for that period of time. In addition, you must provide copies of all invoices, bills, checks written or received, credit card charges, wire transfers or deposits of funds relating to the Station's operation.<sup>5</sup> You **must also include pictures** of the Station's studio facilities and transmission facilities during this timeframe, and provide exact Station coordinates.

We also note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the Station's tower shall be maintained.<sup>6</sup>

Licensee must serve a copy of its response to Arroyo, and Arroyo will have an additional 10 days to respond. Failure to respond to this letter within the specified time will result in adverse actions jeopardizing both the Station's license and call letters. If you have any questions concerning the content of this letter, please contact Victoria McCauley, Attorney, by phone (202-418-2136), or e-mail (Victoria.McCauley@fcc.gov).

Sincerely,

  
Albert Shuldiner  
Chief, Audio Division  
Media Bureau
