

The proposed instant STA (LMS File No. 0000100733), which was originally filed on January 27, 2020, seeks to extend WNCN's STA 0000080526, erroneously specified WNCN's pre-auction channel 17. The instant proposed STA request should have specified WNCN's post-transition channel 8. Accordingly, the applicant has amended the STA request to specify channel 8.
