

**Online Public File Exhibit**  
**Arkansas State University**  
**Station KASU-FM, Jonesboro, AR (FCC Facility ID No. 2785)**

Arkansas State University (“ASU”), licensee of KASU-FM, Facility ID 2785, Jonesboro, Arkansas (“Station”), cannot certify that it fully complied with the Commission online public inspection file (“OPIF”) requirements. All of the required quarterly issues/programs lists are now in the Station’s OPIF; however, several of the quarterly lists were not timely uploaded. Specifically, the third quarter 2019, fourth quarter 2018, and first quarter 2018 lists were not uploaded within 10 days of the end of the relevant quarter. The third quarter 2019 list was uploaded on October 15, 2019. The fourth quarter 2018 list was uploaded on January 28, 2019, and the first quarter 2018 list was uploaded on June 15, 2018.

ASU appreciates its obligation to fully and timely comply with the Commission’s rules. That said, all of the Station’s issue/program lists are currently in the OPIF, and the lists that were uploaded late were uploaded at most a few weeks after the deadline. Thus, ASU submits that the public interest was not impacted by the minor delay in uploading three quarterly issues/programs lists over the eight year license period. Nonetheless, ASU will implement appropriate new procedures to ensure that the Station timely uploads all quarterly issues/programs lists going forward.
