

Renewal Deadline Exhibit
Arkansas State University
Station KASU-FM, Jonesboro, AR (FCC Facility ID No. 2785)

Arkansas State University (“ASU”), licensee of KASU-FM, Facility ID 2785, Jonesboro, Arkansas (“Station”), regrets that the Station’s renewal application is being filed after the February 3, 2020 deadline for Arkansas radio stations. ASU understands and appreciates its responsibility for complying with the Commission’s established deadlines. As soon as ASU discovered it missed the renewal application filing deadline, it engaged counsel to promptly file the Station’s renewal. In addition, ASU expects that its decision to engaging communications counsel will help it fully comply with future Commission filing deadlines. ASU would note that its renewal application is being filed less than 30 days after the Station’s February 3 renewal deadline, which is prior to the expiration of the Station’s license. That said, ASU believes it has implemented appropriate new procedures to ensure that the Station fully and timely complies with the Commission’s rules in the future.
