

February 13, 2020

To Whom It May Concern:

This is to certify that Brandon King, Ohio Professional Surveyor (PS 8772) performed or directly supervised an actual field survey of the WWGV radio tower (NAD 83 (2011) Lat: 39°43'15"N Long: 83°08'35"W) approximately located at 14980 London Road, Orient, OH 43146 and verified that the antenna was oriented to an azimuth of 100 degrees from a True Meridian as determined by GPS observations using the Ohio Department of Transportation's Virtual Reference System.

Sincerely,

Brandon King, PS 8772
