Subject: Follow Up Email on the IMPORTANT NOTICE REGARDING CHILDREN'S PROGRAMMING

[EXTERNAL SENDER]

Here are the feed information for the 11/30 episodes of two shows listed below:

Earth Odyssey-A
Earth Odyssey-B

Feed Date: Today, Wednesday, 12/11/19
Feed Time: 14:00ET (2:00pm, ET)
Feed Channel: Channel 14

Note: If your station plans to take this feed, please have your Master Control personnel call Dry Creek Master Control at 303-850-2900 (Opt. 1) to confirm that the details of the feed has not changed.

Attention Program Directors:

On Saturday November 30, 2019, on FEED 1, an automation system error (on the playout server) impacted the display of the E/I graphic on two episodes: Earth Odyssey 201 and the first 25 minutes of Earth Odyssey 202, which did not contain the E/I graphic.

A re-feed of the episodes with the E/I graphic will be made available to stations today. If you have aired these episodes, please consult your legal counsel regarding whether you want to re-air.

Questions may be directed to Karen Peled at [\(212\) 664-6858](tel:2126646858).
