

**FCC Form 2100, Schedule 303-S  
Amendment to Online Public Inspection File Exhibit**

**Online Public Inspection File**

Applicant, Great American Media, L.L.C. (“GAM”), licensee of WASJ(FM), Panama City Beach, Florida (Facility ID No. 63585) (“WASJ”), pursuant to FCC staff request, hereby amends the Online Inspection File (“OPIF”) Exhibit submitted with WASJ’s original license renewal application.<sup>1</sup>

In WASJ’s original OPIF Exhibit, GAM stated that it had yet to gain access to and update WASJ’s OPIF since it acquired the station on September 26, 2019.<sup>2</sup> Since filing WASJ’s original license renewal application, GAM has gained access to and updated WASJ’s OPIF.

GAM, however, failed to upload to WASJ’s OPIF the Q4 2019 Issues/Programs List by the January 10, 2020 deadline. During Q4 2019, GAM encountered difficulties with the progression of its automation system resulting in GAM being unable to: (1) air any kind of issues programming on its stations; and (2) make any changes or adjustments to its stations’ regular traffic. This has resulted in GAM failing to prepare and upload a Q4 2019 Issues/Programs List for WASJ to the station’s OPIF.

GAM has since been able to resolve the issues with its automation system, and GAM has taken the necessary steps to ensure that its stations will comply with the Commission’s rules governing issues programming moving forward. Accordingly, going forward, GAM will also ensure that WASJ’s Issues/Programs Lists are uploaded to WASJ’s OPIF on a timely basis.
