

Amendment to pending Engineering exhibit

Application to modify license File number BLH-19990506KA

Full power FM station WMMJ, Bethesda MD, Facility ID 54712

We are amending pending application to specify slightly lower transmitter power output. Antenna manufacturer and system integrator Electronics Research revised transmitter power output for WMMJ and we are amending the application accordingly.

Revised Transmitter Power Output: 5.524 Kilowatts

Rounded to 5.5 Kilowatts pursuant to 73.212
