

**KBIK Class C2 Site Change FCC Rule Compliance**

**This application proposes to upgrade KBIK to a full power Class C2 station from a new tower site. The KBIK Class C2 site change upgrade will be in compliance with the Commission's Part 73 Rules. The proposed Class C2 upgrade is in compliance with Part 73.203 and 73.207, it will be fully spaced to all licensed FM stations. With reference to 73.213, KBIK is not a grandfathered station. The new site will provide coverage in excess of 70 dBu City Grade over all of Independence, the city of license, in compliance with Part 73.315. KBIK is a licensed commercial station, compliance with Part 73.509, 73.515 or 73.525 is not required. The KBIK telephone number, 316-331-3000, has long been known to the Independence listening public and in compliance with Part 73.1125 of the Commission's rules.**
