

EXHIBIT

As indicated in this Report, Ramar Communications, Inc. (“Ramar”) has complied with the Children’s Television Programming requirements for the reporting period by airing 45 hours of Core Programming on the Station’s digital primary stream between September 16, 2019 and December 21, 2019 (Category A, Option 1). Out of an abundance of caution, because the Form 2100, Schedule H poses questions about multicast streams, Ramar has also provided herein data concerning its airing of core programming on one of the station’s secondary, multicast streams.
