W292FI Waterbury, CT - Facility ID: 200742
Fill-In Translator for WWCO AM Facility ID: 40678
Installation on Tower FCC ASR 1045022
License to Cover Application CP BMPFT-20190813ABH

Special Operating Conditions on Construction Permit:

In accordance with special operating condition number 1 on the FM translator CP, this facility will only, in perpetuity, be used to rebroadcast the authorized facilities of the AM primary station

Antenna Impedance Measurements were taken to determine the WWCO (AM) tower base impedance following all construction to install the FM translator antenna and coaxial cable on the tower. The licensee of WWCO has filed simultaneously with this application, an application to return to direct measurement of power, as required in condition 2 of the FM translator CP. That application contains a tower sketch of the installation. The filing of the return to direct measurement application also satisfies special operating condition 4 of the CP.

The permittee/licensee in coordination with other users of the site will reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines. This satisfies condition 3 of the translator CP.
